LIMITED PRODUCT WARRANTY

Induction Films & Coatings (the "Company") expressly warrants to the original purchaser that, for a period of seven (7) years (the "Warranty Period") from the date of initial installation, Company will cover defects on Lucid and Diffusion Paint Protection Films (the "Product(s)") such as: yellowing, cracking, blistering, and delaminating. This Limited Warranty only applies to the Company's Products which are professionally installed by an Authorized Dealer in the manner recommended by the Company. This Limited Warranty is non-transferable from the original purchaser of Company's paint protection films.

The Company will, at its option, remove or replace the Product without charge if the Product fails or does not perform as warranted solely due to a manufacturing defect within the Warranty Period, subject to the exclusions set forth in this Limited Warranty. If the Company elects to replace the Product, the Company will have an Authorized Dealer of its choice remove and reapply the Product to areas determined by the Company at its sole discretion to be covered by this Limited Warranty. The Company will cover parts and labor. The replacement of the defective film is the exclusive remedy for all Products covered under this Limited Warranty. During the entire Warranty Period, the Company's obligation as to repair or replacement shall further be limited to repair or replacement with the Products that are available at the time of the repair or replacement, and shall be limited to the repair or replacement of only the specific Product that fails due to a manufacturing defect. Any repaired or replaced product shall also remain subject to the Warranty Period, and any repair or replacement shall not extend the original Warranty Period in any manner or start a new warranty period. These are the exclusive remedies for all Products covered under this Limited Warranty.

For service under this Limited Warranty, you must notify the Authorized Dealer who performed the installation of the Product within the Warranty Period. If the Authorized Dealer is unavailable, you must notify Company within the Warranty Period. You will be asked to provide a copy of your warranty card, copy of original receipt for the Product identifying coverage areas, and a detailed description of the purported defect.
